- 27-28 Jan, 05                      Nacogdoches              Tac Rifle                      **Added**

**IN GENERAL:**

This has been a great year and I have been able to squeeze in a few more classes into my schedule. During the month of August, my range has consumed most of my waking hours. I will hit the road again in September and it will not let up until mid-December. As for the future, I am starting to book trips into 2005 as we speak should wish to lock in some dates.

**RANGE UPDATE:**

With the help of friends and local officers, we were able to get two range overhead covers up along with a storage shed. Several days of rain is helping the grass to grow and you can see it take off. As soon as the rain stops, we will be graveling the rest of the entry road, parking lots and some of the shooting platforms.

**Range Entrance and Gravel Road**

**25 Yard Pistol and 100 Yard Rifle behind it.**

**Future Law Enforcement Range**

**100-300 Yard Rifle**

### **RANGE RENTAL FEES**

Should agencies or elements of agencies want to rent the range for firearm training, I can send you a price list for rental fees. Ranges available:

12 Point 25 yard pistol

12 Point 100 yard rifle

10 Point 100-300 yard rifle

### **EQUIPMENT:**

#### Holsters/Mag pouches

I recently acquired a top quality inside the pants holster for my Glock 19 from Comp-Tac down in the Houston area. It is adjustable and wears well with no discomfort. They make a variety of holsters and magazine pouches. Their web site is [www.comp-tac.com](http://www.comp-tac.com)

#### Muzzle Caps

A friend just sent me a note about the AR-15 muzzle caps. He found a source at [www.caplugs.com](http://www.caplugs.com) or 1-888-caplugs. These caps can be shot off your barrel with no loss of accuracy and keep dirt and debris out.

#### Targets

As we speak, Law Enforcement Targets is printing a paper IPSC variation target that I will use in my training. Shortly, they will be offering these targets for sale to the public. You can visit their website at: [www.letargets.com](http://www.letargets.com)

### **IN CLOSING**

Again, to the Law Enforcement officers, I just want to say thanks to all the men and women I have had the pleasure to work with these past years. Thank you for your dedication and service to our great nation.

Respectfully,

Paul R. Howe
