- **August** **TBD**
- **November** **TBD**

IN GENERAL:

As you can see, my schedule has filled up in a short amount of time. I have kept some blocks of time available in April and beyond for two or three-day civilian weekend courses.

If you have groups that want a particular course put together, let me know and I can do it at my range and either keep the enrollment closed or open.

With my transition back to CSAT, I will have new polo, long sleeve shirts and hats made up with Designs Plus here in Nacogdoches. Once I do, I will post pictures. I will also try and have some available for purchase at my classes.

Also, I should be updating and generally cleaning up my web site shortly to give it a neater appearance. With this, I will try and consolidate some of my classes.

TRAINING:

COURSE UPDATE(S):

TTPOA, the Texas Tactical Police Officers Association has asked me to sponsor their annual SWAT Competition again this year. The dates will be 29 Sept-4 Oct, 2007. I look forward to working with the Nacogdoches Police Department again in developing and refining the events.

On another note, I have been asked if I still offer an advanced concealed carry class and the answer is both yes and no. Without making an entirely new class, I can give you pointers on concealed carry and help you efficiently access and employ your weapon during a standard Tac Pistol I class.

Wearing and shooting your pistol from a concealed mode for two-days will put you well on your way to confident and realistic employment.

RANGE UPDATE:

Not much to report in this area. Once it dries out a bit, I will bring in a dozer and do about a day's worth of touch up work along with putting in a few small culverts. I will also do a little work in preparation for next years Swat competition. For the most part, I have other unseen areas already prepped for the event.

HUNTING UDATE:

Fewer hogs are showing up, but here is a picture of a couple that do.

Above is another coyote I tagged a few days after the big one in last months page.
