IN GENERAL:

I started scheduling more seminars during the heat of the summer and gave one in Corpus Christi, TX, St. Louis, MO, U.S. Marshals and one in Garland, TX. All went exceptionally well. I was also able to travel to Lexington, Kentucky and conduct an Advanced Hostage Rescue class hosted by the Louisville FBI. They are a class act and do their best to interface with all the local agencies.

TRAINING:

GENERAL

Eric ran his first CHL class with eleven students and it went well. They loved the extended training and we could have sold several weapons if we had them on hand. We will in the future when my FFL is approved. Eric plans on doing at least one CHL class per month and can schedule special classes for groups. Eric does all the fingerprinting and photos. One stop shopping.

Eric is also running a Tac Rifle class as we speak.

2009 SCHEDULE

I am starting to book and schedule classes for 2009. If you are LE, Mil or civilians and have requests for classes or dates, feel free to send them to me and we can work on getting them on the schedule.

SEMINARS

I have added more seminars to the schedule this year and 09.

PAPERLESS CLASSES

Shortly I will be going “paperless” with student handouts and simply give each student a copy of the class material on disk. If you have an opinion on this, please let me know. I would still give out critical handouts in a paper format. Sorry to hammer this, I just want to make sure everyone gets the message and is not shocked to get a disk and blank notebook when they come to class.

COURSE UPDATE(S):

None Noted...

COURSE AAR'S

South Africa

Our Advanced Party has returned and we are working on the final details of the project. Get on the information list at the following link for more details:

RANGE UPDATE:

The Gas Pipeline folks have put it in and we have a new road in the interior of the property connecting both. We have been busy updating the new house and getting ready for instructors or rent.

Should an agency or group wish to rent the facility, feel free to contact us for rates. This includes the ranges, new property, classroom and bunkhouse.

CLASSROOM/ LODGE:

Not much to report here.....

EQUIPMENT:

The **CSAT Combat Sight** is available at www.xssights.com

We are starting to make traction with sales and getting the word out. Also, we did a video shoot using the sight this past week and it is being edited as we speak. We zeroed it, showed the CQB application, Hallway shot, vehicle shot and distance work. XS has an installation video on their web site.

CSAT CHALLENGE COINS will be available shortly. We have just proofed the final design and will start the first run. I will keep you posted on how to order them.

HUNTING UPDATE:

I am starting to reposition the cameras and will be putting out corn shortly...

READING/MISC. INFORMATION

No reading to speak of. Been working on my book the "The Tactical Trainer." 15 Chapters and 180 plus pages.

CLASS PAYMENTS

In the future I may request payment in full by either check or Credit Card for classes as I am doing double accounting when I take deposits. It will save time and effort by going to this system and will find out who is serious and who is not.

IN CLOSING

We look forward to seeing you all soon.
