## **INFORMATION LETTER/UPDATE:**

### **MAJOR CALENDAR CHANGES:**

**Added: Law Enforcement**

**Added: Civilian**

### **GENERAL INFORMATION:**

Generally the end of the fiscal year is slow, but we held four weeks of classes back to back.

We conducted the first Tactical Pistol and Rifle combined instructor course and it went exceptionally well. The instructor students came in ready to shoot and generally qualified on day one. This was a first. Generally instructor students come in learning to shoot and then qualify. These instructors brought their skills with them and practiced the standards prior to the course. Gentlemen, my thanks for a job well done.

I had the pleasure to work with a Federal agency which I have not worked with in years and they proved to be consummate professionals.

My staff/instructors also put on a Basic SWAT course that I showed up only to check the calibration and training.

Finally, I had a team from the Dallas area come in and we conducted a Team Leader “tune up” along with three great days of live fire training. This gave new team leaders the chance to work with their teams and start off on the right training foot.

### **LE CORNER:**

I have calibrated my LE training staff that will be led by Bill Kennedy who works for the Nacogdoches Police Department full time and leads their tactical team. I will put up a bio shortly on web site and I am conducting a tactical training hand off with Bill. Bill will be running a small cadre of LE instructors for Basic and Advanced SWAT along with short tactical courses that we will announce shortly.

This will allow me to keep the prices low for a Basic and Advanced SWAT courses along with providing lodging. I can step back and shoot with the students or show up to help answer any questions.

### **MONTHLY INSPIRIATION**

“We the people are the rightful masters of both Congress and the Courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution.”

—Abraham Lincoln

Shortly, myself and my fellow Americans will have the opportunity to vote out an American President who has failed miserably. From overspending to domestic issue failures to a vacuum of international policy-where he could fail, he did. He wanted to be a rock star instead of our country's leader.

**MONTHLY PERSPECTIVE:**

**In 1979 Muslim terrorists took American hostages and our president appeased them. Since then they have murdered Americans:**

- in Beirut (1983)
- on TWA flight 847 (1985)
- on the Achille Lauro (1985)
- on Pan Am flight 103 (1988)
- at the WTC in NYC (1993)
- in Mogadishu, Somalia (1993)
- in the Khobar Towers, Saudi Arabia (1996)
- in Nairobi, Kenya (1998)
- on the USS Cole (2000)
- in the Twin Towers, DC & PA (2001)
- In Afghanistan (2001-present)
- In Karachi, Pakistan (2002)
- In Iraq (2003-present)
- at Fort Hood, TX (2009)
- In Benghazi, Libya (2012)

**Yes, the problem is clearly a film on YouTube.**

No, Islamic radicals do not like us. No problem, we do not like them. They know only force and a kick in the nuts to get their minds right. Sorry, they are savages and the only way to deal with them is to put them in a grave. Radical Islamic religious leaders push them to kill and fight in a world that would like to know peace.

If you review the above timeline, one thing is consistent, we keep getting attacked and Americans continue to die. As for foreign aid, cut it in half and then let them know they will receive more when they purge the killers from their countries. Force them to thin the herd with their own security forces. Our sons and daughters should not die because Islam is either too lazy or cowardly to stand up to these scumbags. If Islam wants to stay in the dark ages, abuse their women and children, let them. If this is what their religion promotes, so be it.

These countries have been taking money for too long and playing both sides against each other.

Our embassies should establish a “kill zone,” marked in red on all approach directions. Mobs can stay behind those lines and protest all they want. If they cross those lines in mob like numbers, kill them wholesale. Letting the shitheads climb our embassy gates and walls is stupid. It forces our staff and security people into positions that cannot be defended.

Finally, our government is trying to sensor any criticism of Islam or Koran burnings. This is crap. Our government believes that others can do what they want, when they

want to our flags and embassies, but we cannot criticize them? Hell, if any backwoods bubba wanted to make a movie of an Islamic, Egyptian, or Libyan flag burning, they should be allowed to.

From a raghead in London....

The solution is too simple...

Wow, too easy. Either vote for Homey the Clown or a real American who has lived a good life and wishes to lead us from disaster....

## Romney's Fair Share

Income taxes collected by federal government in 2011 =  
**\$1,100,000,000.00**

(<http://www.npr.org/blogs/money/2012/04/13/150441259/what-america-pays-in-taxes>)

Estimated number of workers in 2011 =  
**140,000,000**

(estimate based on <http://www.irs.gov/uac/IRS-Kicks-Off-2011-Tax-Season-with-Deadline-Extended-to-April-18%3B-Taxpayers-Impacted-by-Recent-Tax-Breaks-Can-File-Starting-in-Mid-to-Late-February>.)

$\$1,100,000,000.00 / 140,000,000 = \$7,857$  per person  
Romney paid **\$3,226,623.00**, or in other words, covered the tax  
share of at least **411** people

Can we move on now? I think there are some foreign policy  
matters that need attention...

ON A LIGHTER NOTE...

TRAINING:

**I am in competition with no one. I run my own race. I have no desire to play the game of being better than anyone, in any way, shape, or form. I just aim to improve, to be better than I was before. That's me and I'm free.**

**RANGE UPDATE:**

I just finished putting in an 800 yard berm on the sniper range and will be putting up steel on it shortly.

Below is after a 24 hour rain from a storm the size of the state of Texas. It generally will bleed off in a day if my drainage work is correct

**CLASSROOM/ LODGE:**

Change number 2, the dojo is on hold pending a future contract and get built on the concrete pad. More to follow....

**EQUIPMENT:**

**WILSON RIFLE 16" "Recon Tactical"**

I cleaned the barrel well and shot it cold-clean with "Fire Clean" followed by 3 dry patches. It shot well and tightened as the barrel fouled. I was able to do some hasty groups out to 600 yards with it with the data from another rifle. It is a shooter.

Also nice is the Wilson finish. I have yet to scratch it on the left hand side of the rifle as I do with other rifles I use. I am looking to develop that one rifle that will work assault, intermediate range sniper and home defense in one package. The folks at Wilson also made a great drop in two-stage trigger for this rifle.

### JAMES WILLIAMS "SAKIMORI"

This new knife from James Williams and CRKT is a winner. Small enough for concealed carry or assault work, but big enough to get the job done. It also comes with an adjustable tension positive lock sheath.

Next month I will do a detailed review of the outstanding holsters at:

More books stacking up...

## CLASS PAYMENTS

**You will have a slot in the course when I receive payment for the class. In the case of an agency, when they officially request an invoice. I have had too many individuals not show up lately and I intend to put a stop to it.**

I would prefer you send a check as the credit card costs for processing are substantial.
