INFORMATION LETTER/UPDATE:

GENERAL INFORMATION:

First, thank you for all the feedback on my article “2nd Amendment and the Kool-Aid Drinkers. I received a great deal of positive comments. I will upload it to my web site shortly

I can only watch the “Toxic Media” a couple of times each week while I try and quietly go on about my life and not let it affect me. I watch the President and his tactics, he slowly destroying our country and way of life by trying to bribe more Americans with the government dime and failing to push them to be independent. Our current system pays people to breed and those kids grow up producing more kids who will breed and will be dependent on the government. This is how Democrats and liberals grow their voter base.

**JUST GIVE ME THE DAMN
GUNS, SO I CAN FINISH
THE DESTRUCTION OF
THIS NATION!**

Next, the President attempts to go after guns to disarm the American people and for what end purpose? Is it for an internal takeover or a takeover by a foreign entity or religion such as Islam? Or is it a diversion from his failure to lead? One can only wonder.

The other attack our president is conducting on our country is to increase our debt beyond recovery. This could be an attempt to cripple our country financially and economically. If you don't pay your credit card in the real world, it gets cancelled. If you don't pay the monthly payments, your credit rating gets destroyed and you will not get another credit card for years as you are deemed a credit risk.

"The fact that we are here today to debate raising America's debt limit is a sign of leadership failure. It is a sign that the U.S. Government can't pay its own bills. It is a sign that we now depend on ongoing financial assistance from foreign countries to finance our Government's reckless fiscal policies. ... Increasing America's debt weakens us domestically and internationally. Leadership means that "the buck stops here." Instead, Washington is shifting the burden of bad choices today onto the backs of our children and grandchildren. America has a debt problem and a failure of leadership. Americans deserve better. - Senator Barack Obama, 2006

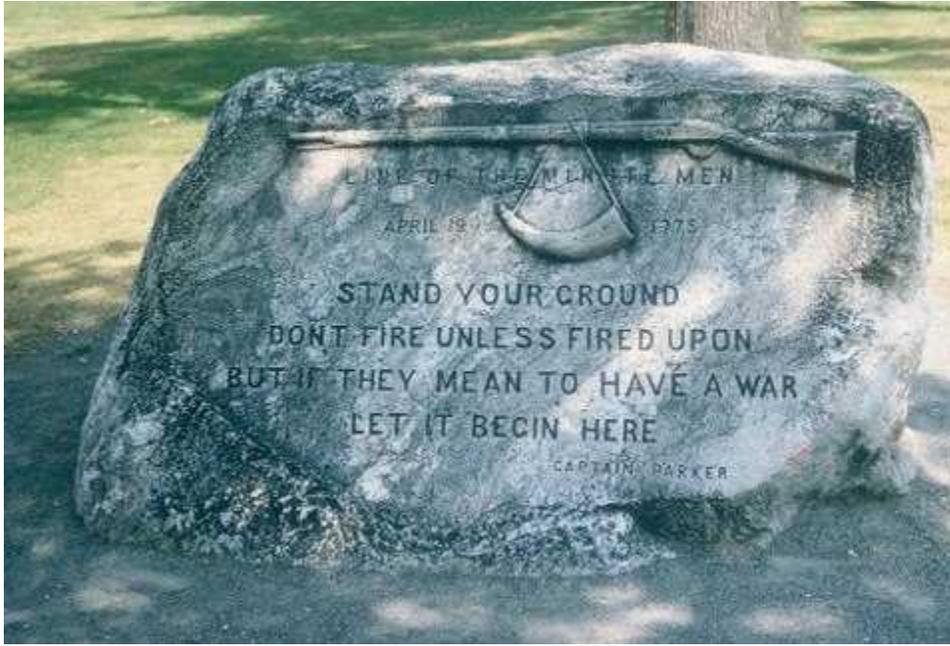

LE CORNER:

Thanks from all my LE friends who have affirmed the people's right to keep and bear arms. Anyone in the profession understands this and it is up to the older LE to school the younger folks coming in to understand the constitution, why it was addressed and to ignore much of the liberal revisionist history that is being written and pushed.

Also, I hate to do it, but I will be going up on the Basic and Advance course fee to \$600 for the six day course. If you have already signed up, you are good at the old price.

INSTRUCTOR NOTES

Our Basic SWATs are going well. In the future, please send your officers with iron sights only. We are still getting some with optics only on their guns and they do not know how to shoot irons or zero them. We at CSAT feel it is important to know.

Supports civilian uprisings in Lybia, Syria, and Egypt.
Asks why any civilian would need an "assault" rifle.

Dang, while I was focused on the attack on the second Amendment, I almost forgot about the crippling unemployment rate, the 16 trillion dollar debt, the Fast & Furious scandal, the Benghazi cover-up, and Obamacare!

AMERICA WAS FOUNDED BY TOUGH HELL-RAISERS.

Rugged citizens who evaded taxes, spoke strongly against tyranny, grew tobacco, brewed beer and spirits, and smuggled weapons. And it will be saved only by those same types of citizens.

Can't put together and pass a

MONTHLY PERSPECTIVE:

We have yet to find out the answers as to what happened in Benghazi and it is a signal that we do not have a directed foreign policy effort. This is sad as we lost a Diplomat and brave security people protecting him. It is called accountability Mr. President and you are clueless.

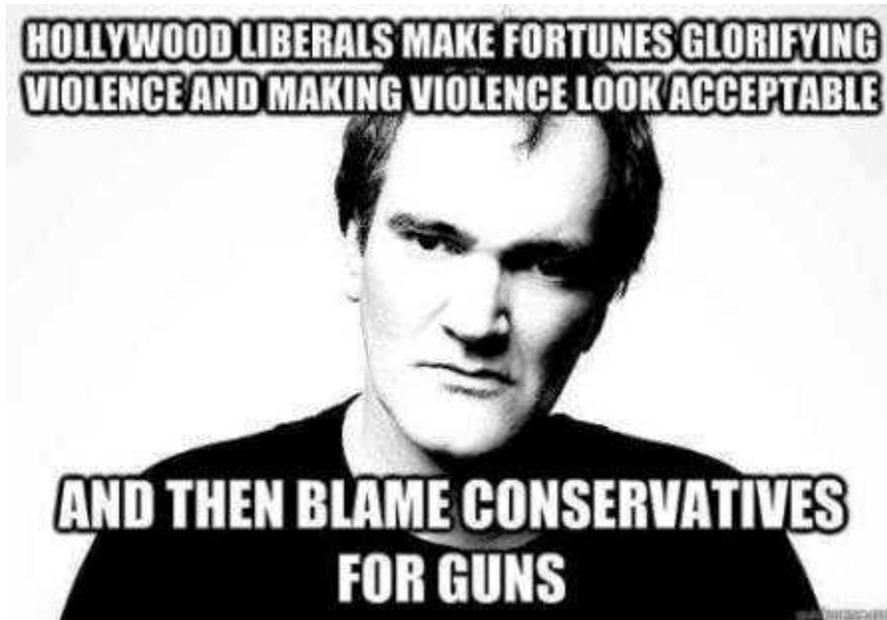

Now Hillary will slide out of office with no accountability.

Finally, the liberal media is too inept or cowardly to take on people who have an enormous impact on our kids. The media have prostituted themselves for so long that they have lost their way. The media is much to blame and part of the problem in not taking on Hollywood.

ON A LIGHTER NOTE...

TRAINING:

I have had several people express concerns about the ammo situation and training. I can do several things with training classes. First I can do more 5 and 1's. That means 5 dry fire and 1 live round, multiple times. This is what I used to do with an entire box of ammo. I can also do more low volume live fire drills where you dry fire the exercise several times and maximize your live rounds. In any case, let me know. You can also just shoot the drills you want and 5/1 any of them to conserve ammo.

I am also looking at running a second CRAS-Civilian Response to Active Shooter's course shortly which is great for civilians and teachers.

If you have any other suggestions, just shoot me an e-mail.

RANGE UPDATE:

David who teaches CHL and works for me laid the foundation and did a majority of work on the Shoot House and got it up and formed. My instructors Bill and Nick along Hayden, came in and set door and walls. It is nine rooms and will have a garage with a car in it.

David added a tin overhead cover to the Target Shed with bench seats, wood and a burn barrel for cold mornings.

Finally, David put up another overhead cover next to the connex on the 110 ranges, mirroring the one on the Target Shed.

My goal is to do as much as possible during Dec and January so that we can focus on teaching and classes the rest of the year.

EQUIPMENT:

FIRECLEAN-See front web page

I have started to use FIREClean on all my work guns. The reason is that Mil-Comm is a two-stage oil that can separate and thicken on the gun/parts. For long term storage, I will use Mil-Comm as it creates a great protective barrier. Anything that will separate in the bottle will also do so on your gun.

I will also put it on guns that I am going to eventually use, but may keep bagged up, but may not shoot for months. I will use Fireclean as it stays the same thickness and does not appear to migrate.

CONTACT CONCEALMENT-See front web page

This two-piece paddle is one of my favorite holsters from Contact Concealment. It is tough, well built, simple and has clean lines. I can run my G19 or 32 in the same holster.

CLASS PAYMENTS

You will have a slot in the course when I receive payment for the class. In the case of an agency, when they officially request an invoice. I have had too many individuals not show up lately and I intend to put a stop to it.

I would prefer you send a check as the credit card costs for processing are substantial.

IN CLOSING

Thanks and we look forward to seeing you all soon.
