JUNE 2013

INFORMATION LETTER/UPDATE:

GENERAL INFORMATION:

During the month of May, we were able to film four videos over four and a half days. Within the next year, Panteao Productions will put out Civilian Response to Active Shooter, Home Defense, Vehicle Defense and Long Range Hunter.

TACTICAL CORNER:

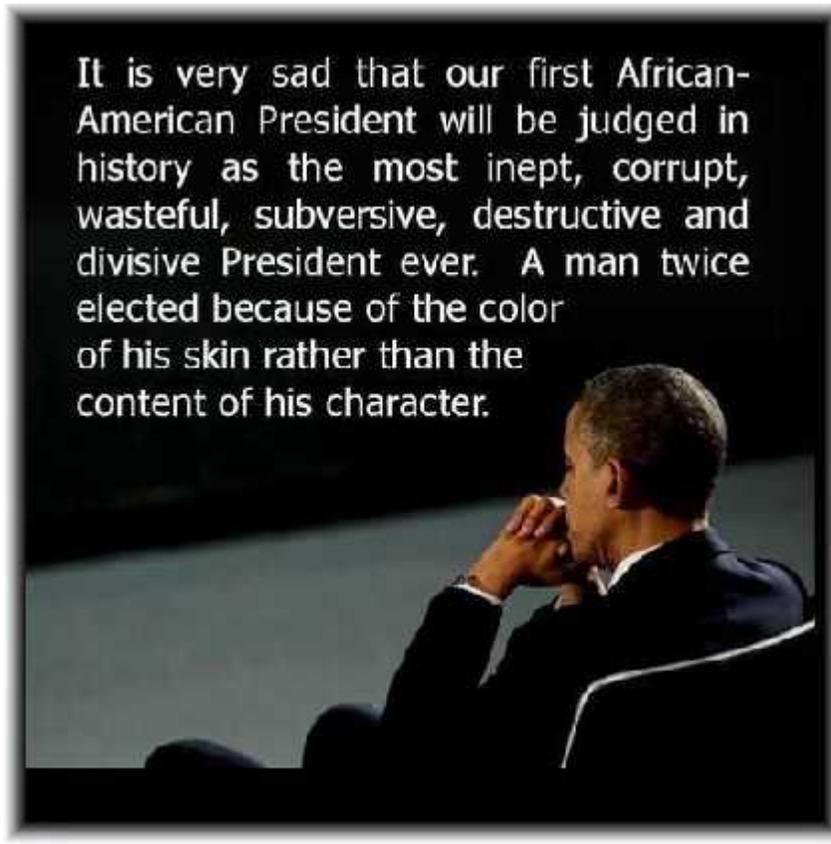

I was recently given an IPAD as a gift and it has already turned out to be a great training tool. I downloaded the “Coaches Eye” and I am able to quickly record shooters and instantly play their mechanics back in either slow or normal speed. Talk about instant feedback. I will also use it next month in the Shoot House Instructor course to review and critique runs. I believe it will be an exceptional tool.

INSTRUCTOR NOTES

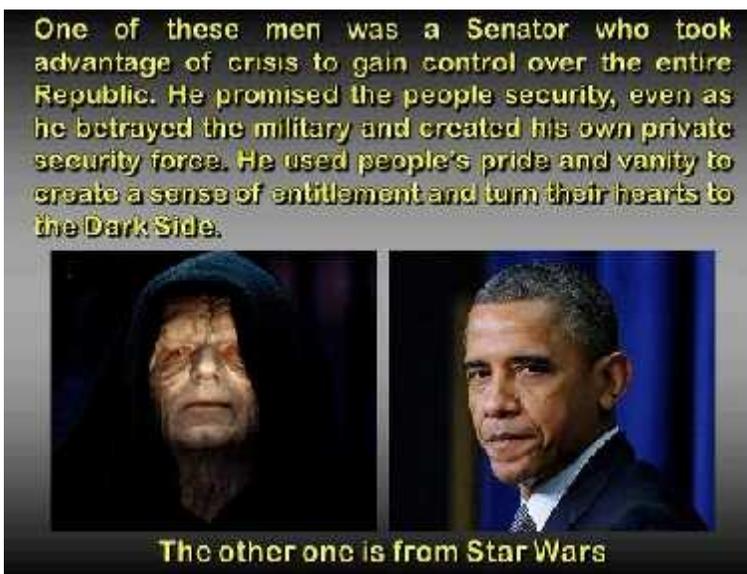

We ran the second Tactical Pistol/Rifle Instructor class and it went exceptionally well. The two-student class went well. In the future, this will be my new training model and I will only do the combined Tactical Pistol/Rifle Instructor courses.

The combination class forces students to do their homework and range work prior to showing up or they will be unsuccessful. It makes the course a true instructor class and there is much less stress as in past classes. We quickly move into shooter diagnostics, teaching and mentoring shooters.

MONTHLY PERSPECTIVE:

Jimmy Carter was dumb. President Obama is evil smart. That is, he has chosen to lie and use his corrupt talents to get him elected to a position he was never qualified for. The rest is history. Not one positive thing has been accomplished in either term except for the fact that more Americans woke up and purchased firearms and ammunition.

Benghazi, AP Intrusions, IRS Harassment..

In the case of Benghazi, I detest the term “Whistleblower.” I would rather refer to those who stepped forward as “American Patriots.” In the case of Benghazi, American lives were needlessly lost when politicians failed to protect American citizens serving our country.

Benghazi In Summary

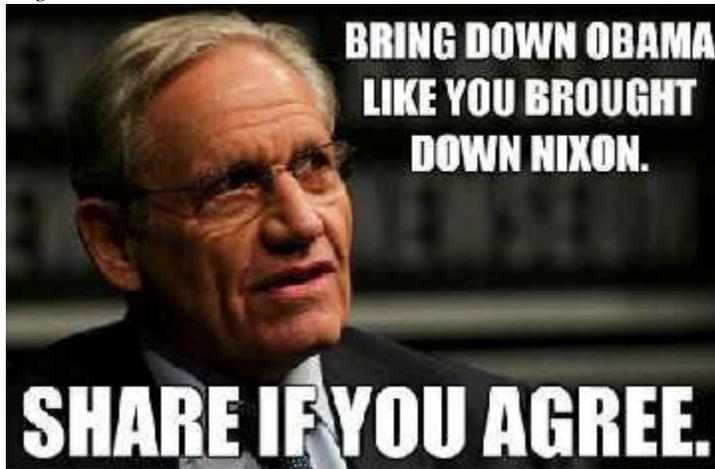

“Need Security”
“No!”
they attacked
went to bed
“we'll help”
“stand down”
they went
four Americans died

they lied - “it's a video”
they lied some more
they stalled
they covered up
they intimidated witnesses
“that was a long time ago”
“what does it matter”
they didn't report

Politics and Religion

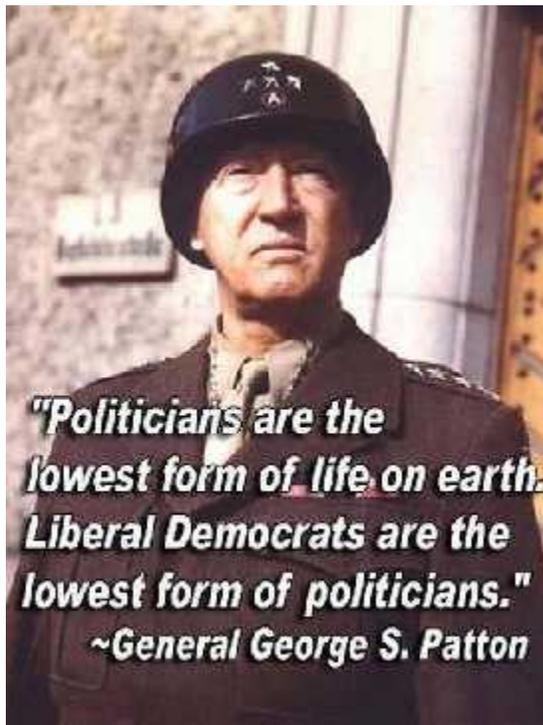

I have witnessed politicians and military leaders put their careers over the lives of those who serve under them. This is the most despicable action a leader can do, using secrecy to protect their screw up, careers and future political gain.

In the case of Benghazi, Liberal and Democrats chose to protect Hilliary’s run for the White House and not get to the truth. They were aided by the liberal media who just now is starting to ask questions that should have been asked months ago and at the time of the attack.

Much of the media has quietly allowed this to happen. Our nation is off course and it is up to the unbiased media to keep us on the straight and narrow. Benghazi's happen when the media fails to keep the politicians in check by asking tough questions which keep them honest. Without watch, politicians will veer off course.

As for Benghazi Gate, it is much more important than Watergate. More people at higher levels supported it and unless they are held accountable, our way of life will be severely damaged.

The media can make a difference when they choose to. They are slowly coming about and seeing the error of their ways. They should also remember that Americans are slower to forget and even slower to forgive when you aid in the destruction of our country.

The corrupt Chicago style politics is starting to come to light in Washington and Benghazi alone is grounds for impeachment. The problem is we would be stuck with the clueless Joe Biden filling in with his own brand of incompetency for the next several years which could be catastrophic for our nation. Finally, we are learning that the IRS targeted conservative groups. Talk about an abuse of power. It is difficult to focus on just one scandal...

As for **Islam**, call a spade a spade. They are not like us, do not like us and all they know is force. Understand it and plan accordingly.

ISLAM IN AMERICA

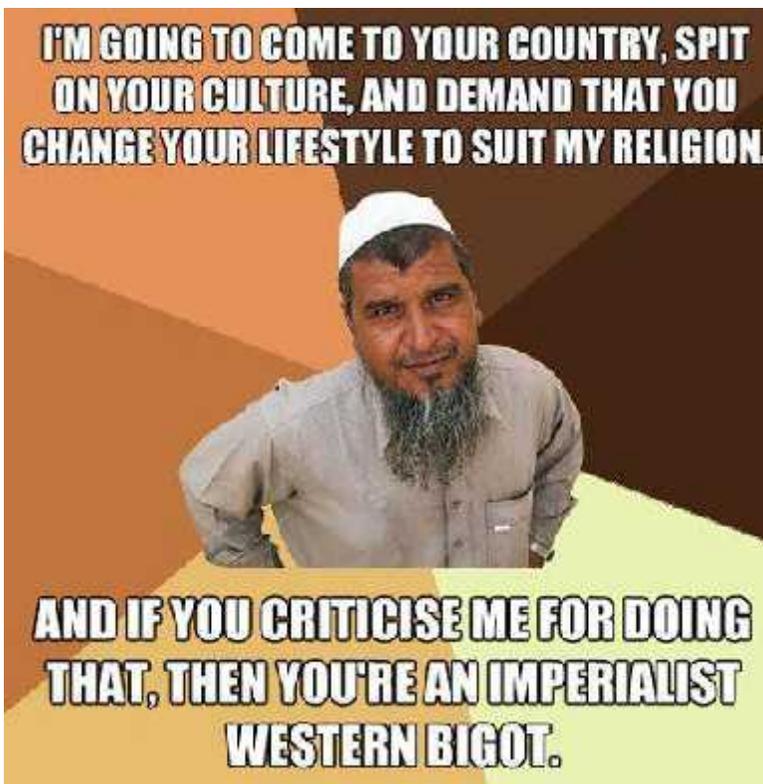

- ❖ Have you ever been to a Muslim hospital?
- ❖ Have you heard a Muslim orchestra?
- ❖ Have you seen "Moderate Muslims" protest against radicals?"
- ❖ Do you know of an America focused Muslim charity?
- ❖ Have you seen a Muslim Girl Scout?
- ❖ Have you seen Muslims demonstrate in support of our Constitution?
- ❖ Have you seen a Muslim Candy Striper?
- ❖ Have you seen a Muslim do anything that contributes positively to the American way of life?

Veterans For Capitalism and the Constitution

America needs to carry a big stick and sometimes use it. This is what Islam understands. We are our own worst enemy when it comes to this tolerance issue. I have news for you, it was not Muslims that founded our country, it was Christians. If they do not like our country or freedoms, move the hell out. You can abuse your women and kids somewhere else. Also, our donkeys and goats will not be as nervous.

2nd Amendment

323 deaths attributed to modern sporting rifles, 195,000 due to medical malpractice. That makes Obamacare 603% more deadly than an assault rifle.
