**OCTOBER 2013**

**INFORMATION LETTER/UPDATE:**

**GENERAL INFORMATION:**

The weather is starting to break and I for one am thankful. We conducted over four major classes this month, two government and two law enforcement.

**In the future, we will no long hand out disks/CD's with class powerpoint. In an effort to go green and save money, we will have a stand-alone computer with class information on it and students can either down load the information to a DVD/CD/Hard or Thumb drive when coming to or leaving a class. I will still have paper manuals for the short term.**

**TACTICAL CORNER:**

It is important to have a back-up handheld flashlight and know how to use it. This light was struck by a sim round and was put out of action. It could also malfunction or break leaving the user with no way to illuminate or discriminate at night.

**LE CORNER:**

Nothing at this time...

### **INSTRUCTOR NOTES:**

If you are responsible for scheduling training for your unit or organization, ensure you have the time and funding before you start locking in training dates.

I generally only run into this 5% of the time, but it consumes a great deal of my work and training time. I have a short “Black List” of sorts, people that have scheduled training and then cancelled at last minute. I will not train them in the future.

Some that come to mind are:

#### **Jefferson County, Texas**

#### **U.S. Air Force**

#### **DOE out of Amarillo, Texas**

I have spun up classes for groups like the above organizations only to have them cancel at the last minute for poor planning, scheduling conflicts or funding. My most recent was with Department of Energy out of Amarillo, Texas who cancelled a week of training for “extenuating circumstances” less than two weeks out. They took up a time slot that I cannot get back and the time window is too short for someone else to schedule training. In the case of DOE, I advised them that I would charge them a portion or all of the course costs if they cancelled. I am still sorting this out with them.

Beyond losing a time slot, I also spin up instructors who take vacation time to teach and this causes a hardship with their personal and work time.

In the case of DOE and future training, I can either require payment in full when they schedule the class or not teach them. It is easier not to teach them and this is what I will opt to do. This nothing personal, but I have had a few many organizations over the years just decide they did not want to train and I am stuck without out a class.

Finally, I am in touch with DOE’s legal folks, trying to remedy this situation. This is just a word to the wise for those who teach either full or part time.

### **MONTHLY INSPIRATION**

# COURAGE

Bravery doesn't mean you aren't scared. It means you go anyway.

THANK-YOU VETERANS

**MONTHLY PERSPECTIVE:**

**SYRIA**

This was a dumb call by a clueless leader who is destroying the credibility of our country. The rest of the world looks at us and wonders how we can be so screwed up. Most of us look at our government and leaders and think the same thing.

# Hope n' Change

This president wants to start a war because his ego is too big for the White House. He has no concept of foreign policy, which has been a disaster for his entire term. If the U.S.'s foreign policy would be a city, it would be Detroit. In simple terms, he has a track record of disasters and cannot be trusted, no matter how the liberal mainstream media portrays him in the future. The mainstream media fails to hold him accountable and they are as much to blame for selling their souls to the dark side..

Detroit, run into the ground by the Democrats. They could write a book on how to destroy a city and a country. As for going into Syria, let's fix Chicago first.....

### Congressional Crooks

"Mood disorder disability" . . . if this doesn't take the cake . . .

So, Jesse Jackson, Jr. 17 year veteran of the US Congress, suddenly gets a "mood disorder" (about the same time he learned he was to be indicted) and is going to prison for 2.5 years.

Because his "mood disorder" was so severe, he has become disabled and will receive \$8700 per month as a disability payment as well as \$45000 a year from his congressional pension, a total of about \$150K per year. Here is the link

Is this a great country or what?

By the way, I have had a rather substantial "mood disorder disability" ever since Obama got elected in 2008. I have not committed any felonies, have not been convicted and sentenced to prison and I don't get squat - other than a higher and higher tax bill every year and the privilege of watching our federal deficit grow every day of the year.

**As a note, elections times are always around the corner and we must remember those representatives who have strayed from our beliefs and vote them out of office.**

## **2nd Amendment**

- In 2013 a registered Democrat named Adam Lanza, shot and killed 26 people in a school.

One could go on, but you get the point, even if the media does not. Clearly, there is a problem with Democrats and guns.

No NRA member, Tea Party member, or Republican conservatives are involved.  
SOLUTION: It should be illegal for Democrats to own guns.

### ON A LIGHTER NOTE:

# ZOMBIE APOCALYPSE

WHAT WE THINK IT LOOKS LIKE:

WHAT IT REALLY LOOKS LIKE:

**The other day my friend took this picture. He was walking hand in hand with his wife prior to taking it. When his eyes fell upon this amazing spectacle, he dropped her hand and ran to get his camera! When his wife saw what he did she didn't talk to him for days. Finally she came to him and said, "Why did you feel it so necessary to take that picture?" He replied, "Honey, how often do you see a dog driving a car?"**

**TRAINING:**

We are looking at putting together a CRAS II (Civilian Response to Active Shooters II) and a Law Enforcement ERAS-Emergency Response to Active Shooters.

**RANGE UPDATE:**

We are going into the maintenance mode on the property. I might add one more pistol pit on the other side of the PD range as it sees heavy use.

**EQUIPMENT:**

**XS Sight Flip Up with CSAT Aperture**

XS Sights are now manufacturing a flip up Back Up Iron Sight with the CSAT Aperture. It is well built and fits below or behind any optic. It is simple and you can co-witness your irons and optics.

**CLASSROOM/ LODGE:**

We officially have a Pro Shop in the gun shop area. Several local LE officers have formed a small business and are stocking common items students have requested over the years to include hearing protection, T-Shirts, hats, knives, etc.
