CSAT, LLC

JULY 2014

INFORMATION LETTER/UPDATE:

GENERAL INFORMATION:

In an effort to spread the work out at CSAT, Bill Kennedy will be handling all LE classes and invoicing in the future. I will add a link to the web site and any requests for slots, invoicing or scheduling will be done through him beginning with January 2015 classes.

As my lead instructor, Bill and his crew have done an incredible job with Basic/Advanced SWAT classes to include CRAS with school districts and teacher firearm training. It has taken several years to calibrate the staff. Bill has been described as a “big fish in a small pond.” I routinely survey students at the end of a class and they have been extremely happy with the caliber of the course, instruction and instructors. This is due to the high caliber of the instructor staff.

Should you have any questions, e-mail me. I will still be around to shoot, field questions, ensure quality and continuity.

NOTE: I am sometimes getting one partial deposit to cover 3 classes and it is a pain to keep up with accounting. Also, people are not sending deposits and I am having to juggle rosters and do double work. You are on the roster when I have your full payment. Sorry to be hard line, but it is causing excessive work. I will keep you on the roster for five working days without payment and you can get bumped from the roster after that. If someone pays ahead of you, they have your slot unless you make prior arrangements with me. As for refunds, I have never not given a refund for someone who had a problem.

TACTICAL CORNER:

I am starting to work on the 2015 calendar and would like to schedule classes that customers want to see. If you have a group, I can build a class around you or if you are just an individual, shoot me a short e-mail of what you would want to see.

MONTHLY INSPIRATION

MONTHLY PERSPECTIVE:

Islam

YOU CAN'T

**WITH PEOPLE WHO
WANT TO KILL YOU**

June 25, 2014

Page 3

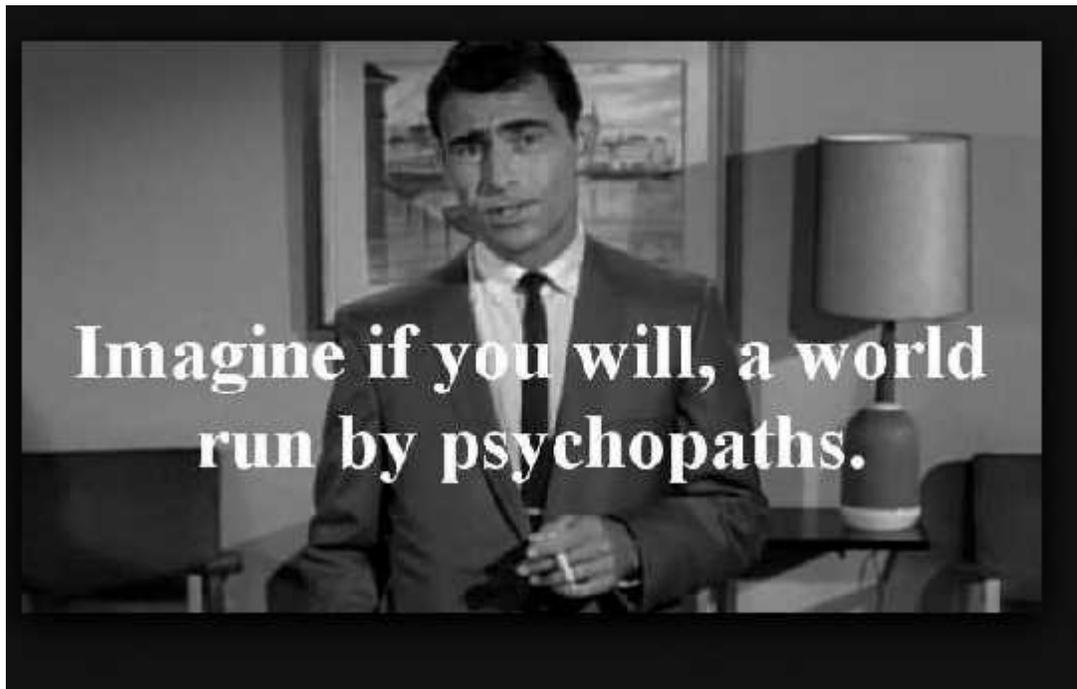

As for Islam/radical Islam, we are going to have to fight them one day. We should make it on our terms and not theirs. Mainstream Islam is either too weak or does not care about what the radicals are doing. That makes them part of the problem as well.

It is as much about their social beliefs as it is their religious that makes us different. We believe in protecting our families and spouses with a higher moral code. They believe it is okay to sodomize other male adults, donkeys or goats for sexual relief. They believe boys are for pleasure and women are for breeding. They condone sexual mutilation of young females. These are just a few of our differences.

As for their religious tolerance, it is either their way or we chop off your head or shoot you in a ditch. Neither one appeals to me.

Since our borders have been open during both terms of our current president, the enemy is already here. Generally they plan and prepare during a Democratic watch. Federal agencies should be working on target folders that they can give to local police should the shit hit the fan. Target folders are preplanned packets on terrorist cells that allow the local tactical teams the ability to quickly seize dangerous personnel and their equipment. The Federal Government does not have the resources or talent to do this on a large scale and must request assistance from local law enforcement agencies to ensure the damage these guys do is minimal. If the Feds wait too long and miss the signals, our nation would be in a world of hurt.

If Feds are not building target folders on local Islamic groups, local Law Enforcement should be. It can be overt or covert as the threat is real. You can go to YouTube and play countless mass killings that are days old from the “religion of peace.”

It is here....

Bergdahl

The situation with Sergeant Bergdahl is pretty simple. In time of war:

- He deserted his unit
- Caused members of our military to be killed or wounded searching for him
- Helped the enemy during his captivity
- Caused a hardship on our country
- Caused at least five top terrorists to be reinserted into the battlefield

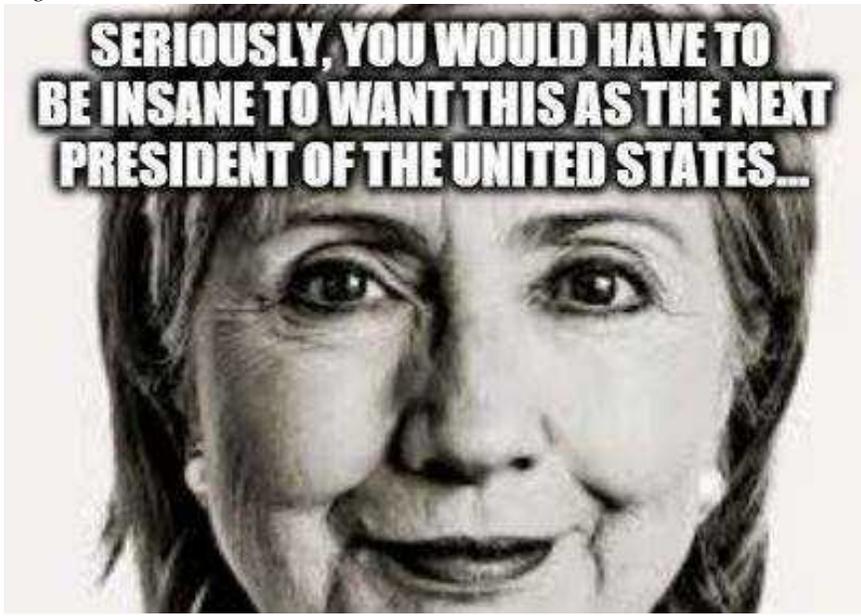

I spent 20 years in the Army as an infantryman and can tell you Bergdahl is a turd. I am glad to see soldiers stand up to the administration and tell the world he was a coward and deserter despite the picture the administration tries to paint to justify their illegal actions.

It is pretty simple. He should be tried, court martialed and sent to prison. From reading, Bergdahl was promoted during captivity for deserting. Good decision Army, promote a deserter. This stinks in all directions. In hindsight, they should have used a Hellfire missile on his location and then collected DNA samples and put this to rest. They could have quietly let the parents know their son died during a military operation on an enemy command and control/training location. If the parents want to make waves about it, then the government should present the case that their son was a traitor and coward. He was not a POW, he was a deserter and in helping the enemy, a hostile combatant.

As for his parents, they are much to blame. They look like the typical hippie crowd that only wish to take from this country. It was an embarrassment to our nation and military to have this turd of a father on worldwide TV speaking raghead to his dysfunctional and cowardly son. It only allows our enemies to see how internally screwed up and divided we are. Sorry you have to deal with this Idaho, I heard you have a great state.

Further, the video clip of the mother and President Obama walking toward the press conference was unbecoming, they were joined at the hip and reminded me of a man and woman who just met each other in a bar and were headed to a room to consummate their relationship. Slutty at best.

Yep, broke and only having made \$12 million dollars when you left the Whitehouse that year. Now you want to run the American economy.

As for her accomplishments as Secretary of State, look at the Middle East and all the stability there.

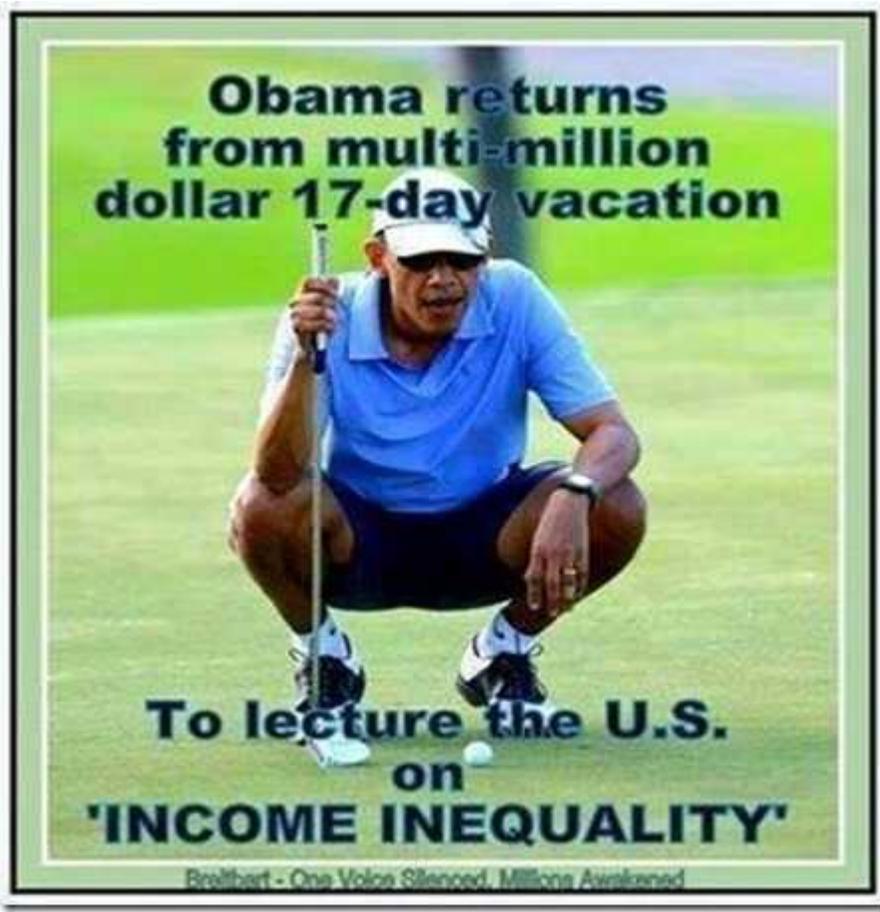

FOR HILLARY
CLINTON.....

THE STRUGGLE
IS REAL

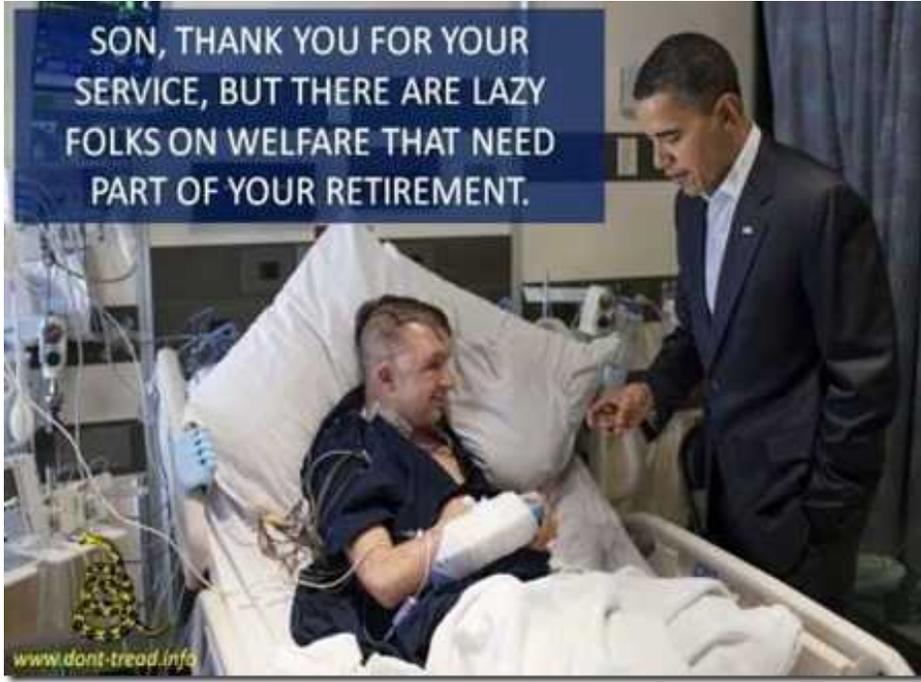

BARACK
RISING

Two nice mansions. Talk about income equality.

Reference our southern border, the states need to step up to protect their citizens if the Federal Government will not do it. Give a 2-3 day warning and close the border. If you come across, we will fly you out into the Mexican desert or beach resort and kick you out of the bird.

2nd AMENDMENT

An infographic with a dark blue background and yellow and white text. On the left is a small portrait of a young man. The main text is in yellow and white. At the top right, it says "FOLLOW US ON TWITTER" and "LIKE US ON FACEBOOK" with a Twitter bird icon and a Facebook 'f' icon. Below that is the "MSRB" logo. The main quote is in yellow: "I hate all of you. If I had it in my power, I would stop at nothing to reduce every single one of you to mountains of skulls & rivers of blood." Below the quote is the attribution: "~Elliot Rodger, 22, Santa Barbara CA." There are two columns of bullet points in white text. The first column lists: "•Kills 3 People With a Knife" and "•Injures 4 to 5 With His Car". The second column lists: "•Kills 3 People With a Gun" and "•Injures 8 With a Gun". Below these are several lines of white text: "•Over Indulged Child of Hollywood Liberals; Drives a BMW", "•Deeply Immersed in Violent Video Games Since Childhood", "•Alleges a Deprived, Hellish & Sad Life. Blames All Women", "•Seen By Multiple Therapists, Posts Videos About Murder & Suicide Weeks Prior to Attacks. Alarmed Family Calls Police; Police Visit Him Once, But Do Nothing; Write Him Off as a 'Perfectly polite, charming & wonderful human.'", "•His Reason Given For Mass Murder: He Couldn't Get Laid." At the bottom, in large yellow text, is "Liberal's Conclusion? It's The NRA's Fault." and a small "©Brian" watermark is in the bottom right corner.

As for the open carry crowd, I am against it. This is not Israel yet and you are not trained to carry that weapon. Most of the photos I see of the open carry people indicate they are bozos (clowns) with guns.

As an average American, I would be scared of them. I see business owner points, I would not want them on my property creating an unsafe situation and driving away customers.

If I saw these two walking down the street like this or into a business, I would want the local law enforcement to check them out. People dressed just like them have committed mass murders in the past few years.

What is unsafe, above is unsafe. Putting a weapon on your back where you cannot control the safety is unsafe. I teach this in basic weapon handling. I don't let civilians, LE do it or Mil do it. You control the weapon when it is on your body.

HOW TO OPEN CARRY

WRONG

- Be a general aeehat
- Wear ratty clothes, camo, etc
- Seek attention and/or take "salties"
- Be oblivious to surroundings
- Carry longarm, esp. at low ready

RIGHT

- Be personable
- Dress sharply
- Avoid confrontation
- Have situational awareness
- Carry handgun in secure holster

Hearts and minds aren't won by being a pleb.

The above pictures tells two tales. The guys on the left are two retards. The one on the left is too fat and needs to walk a few hundred miles in those shoes to lose some weight. He is in more danger of a heart attack than a violent crime. His buddy is a dumbass who spent \$500 on accessories for a \$100 rifle that will not shoot a four-inch group at

\$100 yards. The guys on the left are simply two potential targets if I am carrying concealed in the same establishment.

JOIN THE NRA.....but don't be a dumbass

CLASS PAYMENTS

You will have a slot in the course when I receive payment for the class. In the case of an agency, when they officially request an invoice. I have had too many individuals not show up lately and I intend to put a stop to it.

I would prefer you send a check as the credit card costs for processing are substantial.

IN CLOSING

Thanks and we look forward to seeing you all soon.
