MONTHLY PERSPECTIVE:

<http://nypost.com/2014/12/13/2014-is-the-year-of-the-lie/>

The above article sums up 2014 as the year of the Liberal Lie. One after the other. Americans have hit a tipping point and starting voting their minds.

Sony Caving in to North Korea

When the United States fails to fill the vacuum against evil, evil will grow, flourish and prevail. We have seen it under the current President with his lack of experience and organizational approach to everything he does. Home grown as well as international evil is growing.

The world has filled with more evil because the president and his liberal followers live in a fantasy land in their minds but fail to understand the real world.

North Korea, Iran, ISIS, are all a product of weak and impotent American leadership. More Americans will die because we failed to be strong and keep the evil at bay. It's not a one time job and then you can go home. Every generation needs to pay their dues in defending our country and our way of life. We can look around and see how chaotic the world has become.

Sony's example is one taken from President Obama, fold under pressure. The lack-luster, nut-less wonder that inhabits our White House is a pathetic excuse for an American and is why I detest liberals of any race or gender. He is an Islamic scum-puppy and his actions and failure to denounce Islam's evil ways only confirm this.

It scares me to think our cyber-warfare guys are behind the times in this age of computer reliance.

Enhanced Interrogation Techniques

The liberal leadership of our country was fully aware and briefed as what was being done to extract information from captured terrorists. They lie and squirm when the facts come out.

We have become too soft as a nation to do what has to be done-kill the enemy without compassion and with efficiency. This includes those that have helped them. We should cut all ties to Turkey to include money and bases. Let them implode. Set an example with them.

This is why I don't give a shit how we gathered information from terrorists.

Reference Police and retraining...

Page 6

I have been around long enough to know that our nation's police have become more tolerant of Americans than of any time in history. In the past, police used wooden batons. Now they use metal pipes (ASP's) and electrocute them with TASERS because they can no longer use the ceratoid restraint and other physical restraining techniques which are simple and effective.

When you take their tools and levels of force, you make police more prone to pulling their guns. If that lazy fat fuck black crook in New York would have surrendered, he would be alive today. If he would have got off his lazy democratic ass and done some physical fitness, stopped shoving Moon Pies into his face and changed his life, he would not be taking a dirt nap. I am happy he is not alive and breeding other shit birds to take his place.

Too late, here is another oxygen thief....

Police officers are taking the brunt of Obamas and Holders internal disruption strategy. Further, black leaders and the media fail to hold the president accountable. Before Christmas, two NY Police Officers were executed by a black POS whose actions may have been pushed by NY's tick turd Mayor and race maggot Al Sharpton. Now New York City's Mayor wants to align himself with the criminals.

It appears to me that the administration is pushing civil unrest at the least and a race war at the other end of the spectrum. Be careful what you wish for Mr. President, you have encouraged more Americans to buy guns than at any time in history. Good Americans respect and stand behind the police, not you. Probably 1-2% of Americans fall into the shit-bird category and that is easy number to fix.....

As for police, start pulling 50% security. When one is eating the other should be watching. The same applies to patrol cars and anything you do that diverts your attention from your

surroundings. The military does this and I remember pulling 50% security all night in combat. You pull security while your buddy sleeps and we would rotate every hour all night for the duration of the mission. Guys, watch your buddies six while he is doing something that does not allow him or her to focus on potential threats. Don't get caught head down in a computer like those Washington State Police officers did years ago.

And if you have to shoot, remember your front sight...

Yep, I'm a racist for believing in photo I.D.'s

ACTIVITIES WHERE REQUIRING A PHOTO ID IS APPARENTLY NOT RACIST:	ACTIVITIES WHERE REQUIRING A PHOTO ID MUST BE RACIST:
PURCHASE ALCOHOL PURCHASE CIGARETTES OPEN A BANK ACCOUNT APPLY FOR FOOD STAMPS APPLY FOR WELFARE APPLY FOR MEDICAID APPLY FOR SOCIAL SECURITY APPLY FOR A JOB APPLY FOR UNEMPLOYMENT RENT A HOUSE BUY A HOUSE APPLY FOR A MORTGAGE DRIVE A CAR RENT A CAR BUY A CAR GET ON AN AIRPLANE GET MARRIED PURCHASE A GUN ADOPT A PET RENT A HOTEL ROOM APPLY FOR A HUNTING LICENSE APPLY FOR A FISHING LICENSE BUY A CELL PHONE VISIT A CASINO GET A PRESCRIPTION HOLD A RALLY OR PROTEST DONATE YOUR BLOOD BUY AN "M" RATED VIDEO GAME	VOTING

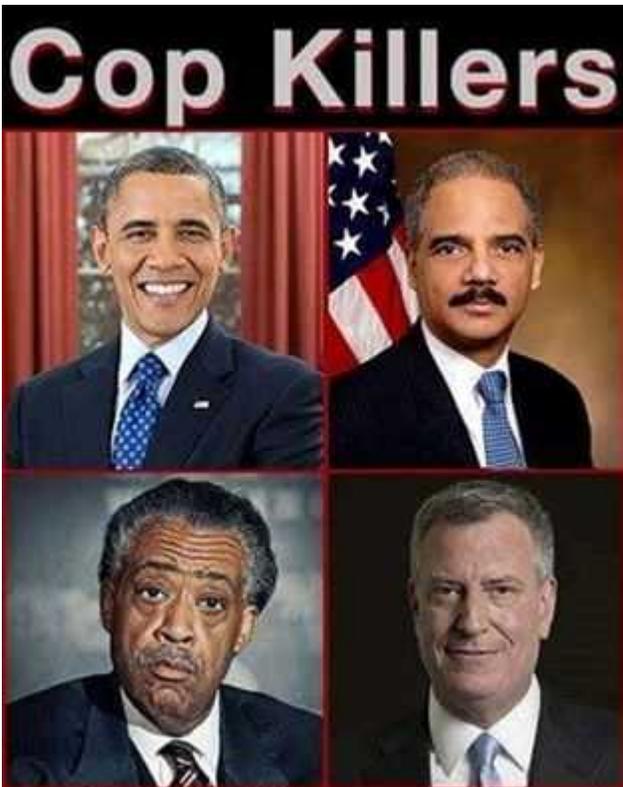

As for the media, they have dropped the ball. They have lost their credibility and turned against America and contributed to rioting.

DEMOCRAT MATING SEASON HAS BEGUN

Obama is thinking:
"This proves I am not a Muslim - no Muslim
would kiss a pig."

Pelosi is thinking:
"I've had so many face lifts, you are actually
kissing my ass."

TRAINING:

CSAT INSTRUCTOR STUDENTS

When you come to an instructor class at CSAT I expect to pre-load/practice the standards and material so we can focus on shooter development, course structure and teaching development. I want a cohesive class of professionals that work together for a common goal—the new student.

Instructor students represent me, my vision and work ethic. If you are planning to come and punch a ticket, don't. You may leave early.

Late last year I sent 3 instructor students home on the first day of the student class for attitudes and proficiency. They received their certificates of completion, but I would never recommend them to anyone. I expect a certain caliber of professionalism at CSAT and always tell other instructors to avoid having a bad class. Students pay good money and take time out of their lives to come to CSAT and it is my job to ensure they have a positive and memorable class.

Further, if you come to an operator level class and are a knucklehead or have a bad attitude, don't apply to an instructor class because I will reject you. Life is too short to work with people that cause you stress and don't have to the same work and life ethic. Further, I am not in for the money, but rather to have fun with other like-minded professionals and to help new shooters out.

RANGE UPDATE:

Graveled the "T" intersection of the shoot house and also most of the plate rack pit. Also, I am working on pushing sniper hill out to 1,000 yards.
