MONTHLY PERSPECTIVE:

IN GENERAL

VOTE

Voting is the last chance to change the way America is doing business. If you don't vote, you are part of the problem. If more of our country wants handouts without working for it, then our country will slide deeper into mediocrity instead of being the world leader we once were. The choice seems to be "Evolution or Revolution."

We are tracking for the downfall of America. We have allowed a generation of mentally ill prepared youth to have an uneducated voice in our country. The media is partly to blame alone with our educational institutions.

The media supports the left wing insanity and the corruption that is rampant in our government. They are bought and paid for like cheap whores. They are cowards who do not go out and seek the truth, but rather sit back and gobble up spoon fed government briefings. They fail to check facts and are more in line with reality TV vs. professional new organizations.

As for our educational institutions, they have also been corrupted and allowed to spew hate and BS about how bad our country is. Many have never performed the job they are teaching

in the civilian sector and are “straight line” academics. Many live in an insulated fantasy land teach their version of what they think it should be instead of the reality of the way it is.

Let criminals out.
Let illegals in.
Let boys in girl's locker rooms.
Let women kill their offspring.
Prosecute innocent officers.
Persecute Christians.
Accept barbarity in the form of Islam.
Over tax the hard working.
Coddle the lazy.

This is what Democrats have created
in America.

THIS ELECTION IS A CHOICE BETWEEN...

....a ruthless, corrupt, pathological lying criminal who's left a trail of bodies, victimized women and failed countries, while trading America's interests to achieve her own.....

....and a savvy, intelligent, accomplished, common sense business leader and patriot who sometimes says stupid stuff.

I don't have much use for professional sports and in the case of this ass clown, we as Americans should financially crush the sport and make a point. Leave the stadiums empty and switch the channel. Let the "Sports Leaders" deal with these shitbirds.

WTF????

So if a kid has an allergic reaction the parents have to pay a ridiculous price for an Epi pen. But a junkie who has OD'd for their 15th time gets Narcan for free?

What a screwed up world we live in.

TRAINING NOTES

I will be putting an **Advanced Live Fire Instructor Course** on the calendar shortly. I put the basic outline together for a repeat law enforcement agency this summer and I think it may replace my Shoot House Instructor course. I can still do the Shoot House Instructor on the road, but if you want to learn all the live fire drills we teach, you will in the short term, have to come to CSAT.

The flow will look like this:

Overview

Range Fire Support Drills

Single CQB

Two Person CQB

Team CQB

Hallway Scenarios

Corner Clears

Forward Fire and Maneuver

Lateral Fire and Maneuver

Window Ports

And of course, Live Fire Medical Scenarios

I will take 20 in the class and you will be broken down into to instructor and operator team. If you are not supervising/managing a drill, you will be executing the drill as an end user.

The final day will be review of all the drills start to finish. Everyone will be tasked multiple time to run, and safety live fire drills.

UDC2

We are considering offering a UDC2 with the option of white light or NVG or both.

More to follow...
